## ATA-SASAA Dispute Will Go To Conciliation Board

A dispute between 18 southern Alberta school boards and their 178 teachers will now proceed to the final stage of negotiations with the convening of a conciliation board.

The latest development follows a series of conciliation meetings which began January 25, 1971. Negotiating teams on both sides have been unable to resolve many of the issues on the bargaining table.

Recent attempts by Conciliation officer J. R. Hutton to settle the dispute have failed. Under provisions of the Alberta Labour Act a conciliation board will now be

formed in an attempt to bring about a settlement. This development is following a pattern which has been established in teacher-board negotiations in many other parts of the province.

In previous years the 18 boards have negotiated individual collective agreements with the Alberta Teachers' Association bargaining representatives. According to many board spokesmen this resulted in a needless duplication of effort and time as the collective agreements reached at the end of the bargaining were always quite similar.

This year the boards joined together to form the Southern Alberta School Authorities Association (SASAA) which acts as spokesmen for all the boards.

SASAA Chairman Roy Clark of Burdett says the objective of the association is to make the bargaining process more efficient in terms of both time and expense, and to curtail ATA attempts to play one board against the other in the bargaining.

Mr. Clark added that by concentrating their efforts in one bargaining unit the boards feel they are now in a better position to deal with the province-wide teachers' association which supplies professional negotiators from ATA headquarters in Edmonton to represent the local teachers.

Mr. Clark also said that conducting negotiations at the association level has removed confrontation between local boards and their teachers thus allowing educational concerns to be given their rightful priority.

The SASAA negotiating committee consists of Mr. Clark, Gerald Lowe, Norman, Ernie Kettle, Pincher Creek, and Paul Bartlett, Duxbury.

## PESTICIDE FIRMS OFFER NEW PUBLICATION

A sixteen page booklet designed to "help concerned people make informed judgments about pesticides and to establish the fact that there is a community of interest and responsibility among the people who use pesticides, the people who are concerned about them, and the people who are responsible for their use." has been produced by the Canadian Agricultural Chemicals Association. In "Pesticides and the Environment" the Association shows 50 member companies sell some \$60 million worth of agricultural chemicals in Canada annually — is concerned with defining the nature and cause of the chemical/environment problem rather than denying that a problem exists.

## Fined \$100

A Coleman high school student was fined \$100 in Lethbridge magistrate's court Wednesday for shoplifting.

Police said he was apprehended April 26th while walking out of a local food store without paying for a sausage worth 40 cents.

## CHARGED

Glen Mosley, Fernie, B.C., has been charged with theft and breaking and entering by Blainmore RCMP for the entry into Blainmore Motors Ltd., on the night of February 10, 1971.

## ST. PAUL'S MARKS 65th ANNIVERSARY

St. Paul's United Church in Coleman will mark its 65th anniversary with the annual banquet and special church services.

The banquet supper will be held in the church hall at 5:30 p.m. on Saturday, April 24 and speaker at the event will be Rev. Brian Jones of Lethbridge, chairman of the South Alberta Presbytery and of the television program "Something to Think About". It is expected that more than 100 persons will attend the event and master of

ceremonies will be Rev. Bob Smith. A program is also being planned for the evening.

Guest speaker at the Sunday morning service in St. Paul's United Church at 9:30 a.m. will be Miss Vera Schmaltz, chief catechetical co-ordinator for the Roman Catholic Archdiocese of the Crowfoot Pass.

The anniversary is sponsored by the United Church Women and the official Board of the Church. Tickets for the banquet may be obtained from the TCW members.

## WHEN YOU VISIT BRITISH COLUMBIA THIS YEAR BRING YOUR OWN BRAND LIST !!!

### THE GOOD LIFE...RELAX AND COUNT YOUR BLESSINGS WITH BENNETT'S BEST...

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

## Senior Citizens Home Needed In The Pass

This is the conclusion according to the results of a recent survey of 500 senior citizens of the Crowfoot Pass. The survey taken of people 60 years and over showed that 91 people would enter a Senior Citizens Home now; 569 Senior Citizens said that they felt that there is a need for a Senior Citizens Home located in the Crowfoot Pass; 530 people said that they would not enter the Senior Citizens Home in Pincher Creek.

The survey was organized by a committee of local people representing the various areas of the Pass. Volunteers were obtained by members of the committee to take the survey to the Senior Citizens.

"A Home should be located within walking distance of shopping areas — close to town so Senior Citizens can shop, visit and go to church."

"A Home may or may not be justified on economic grounds but it would be justified on humane grounds alone."

"Hurry and get it built." The committee that organized this survey will be holding a public meeting on April 29 at 7:30 p.m. in the Miers Hall in Coleman to discuss the findings of the survey and decide on future action. All those who are interested in working for the establishment of a Senior Citizens Home in the Pass should plan to attend.

Church members under the supervision of Mr. Elbert have painted the bathrooms and now busy installing a new floor in the chapel foyer and the office. The areas mentioned will also be painted and a new rug laid on the floors with the foyer being tiled.

The church recently purchased an electric organ which has added considerably to the services of the congregation. A raised area was also added to the front of the chapel and this will accommodate the pulpit, presiding officers, the organ and piano.

Long range plans call for renovations to the classrooms, kitchen facilities and a recreation banquet area in the back.

The Mormon Church has been organized in the Pass early in 1947 and this is the first building school this fall will have the opportunity to have their teeth examined, cleaned and stained fluoride applied when indicated.

Other children between ages 5 and 14 years may receive the same service, which is free of charge, at special clinics to be held throughout the Health Unit area.

Better Access — More Fires. Surveys in Canada indicate that better access to forest areas increase the number of fires started by travellers. On the other hand smaller total burned areas result since control operations can reach more quickly to the fires and put them out.

Between 1960 and 1970, per capita use of paper and paper products in the U.S.A. increased from 633.2 to 553.2 pounds annually.

## PASS STUDENTS ATTEND UNITED NATIONS MODEL ASSEMBLY

Seven students from the Crowfoot Consolidated high school recently participated in the United Nations Model Assembly held in Lethbridge on April 12 and 13.

The delegates and countries represented included Miss Rosemary Racovsky, delegate for U.S.S.R.; Miss Elaine Dolek and Mr. John Kullig, delegates for Spain; Miss Kellie Paul, delegate for Denmark; Miss Lorraine Plowman, delegate for New Zealand; Miss Kathy Kunt, delegate for Australia; Mary Ann Russell, delegate for Pakistan and Mr. Jerome Reiman, staff advisor and bloc leader for the Western Nations of the United Nations.

Approximately 125 students from Alberta, Saskatchewan, Manitoba and Montana participated in the Assembly.

The three resolutions discussed were: (1) the admission of Communist China to the United Nations; (2) the issue of territorial waters and control of the continental shelf; (3) the problem of illegal trafficking of drugs.

Perhaps the Model Assembly foreshadowed what may happen in the United Nations General Assembly in New York, in the delegates voted 98% in favor of admitting Communist China to the General Assembly and Security Council.

The President of the Assembly was Mr. Frank Simon, professor at the University of Calgary, and the Secretary-General was Mr. Ellison, a Lethbridge businessman. The Assembly was sponsored by the LCI World Affairs Club under the direction of Miss Ken Jakobs.

The winner of the Best Speaker Trophy was the delegate for the USA from St. Mary's high school in Calgary.

## Alberta Cancer Grants Near Half Million Mark

CALGARY — Alberta Cancer researchers will receive National Cancer Institute of Canada research grants and fellowship totaling \$431,966 for the current year. N.C.I. grants for all of Canada are \$3,220,000.

Important advances in the control of cancer have been made since the founding in 1947 of the National Cancer Institute of Canada — the Canadian Cancer Society's affiliate which administers the funds allocated by the Society for research. This money represents some 60 per cent of all funds donated by the public during the Society's April campaign.

## ASSOCIATE DEAN APPOINTED

John Peter Meekison, Chairman of the Department of Political Science, has been appointed Associate Dean, Graduate Studies, of the University of Alberta.

The appointment of Dr. Meekison becomes effective July 1. He is filling the position vacated by Dr. Henry Kreisel, vice-president (Academic), and which had been temporarily filled by Dr. E. D. Hodgson, who was Acting Associate Dean.

Among the Oldest. The Forestry Association in Canada have been emphasizing personal responsibility for environmental protection for over 70 years in Canada. They are among the first public-service groups to exist since public co-operation for this purpose.

## Coleman Students Win Music Festival Awards

A number of Coleman young people won top awards, second and third places at the recent Crowfoot Pass Music Festival sponsored by the Blainmore Lions Club. The results were:

Class 172, girls vocal solo (10 years) Bonnie Park 79; class 173, girls' vocal solo (11 years) Susan MacLeod 77; class 631 solo speech (11 years) Glenda Curtis 83; class 632, solo speech (13 years) Judy Pakker 81.

Debbie Duncan received top mark of 86 in a solo speech, lyric poetry, (13 years) and was highly praised by the adjudicator.

Classic guitar grade D — Nettie-Krug 78; girls' folk song (11 years and under) Susan MacLeod 81; solo speech — lyric poetry (11 years and under) Bonnie Park 83 and Ariene Dyer 81; solo speech — lyric poetry (13 years of age and under) Debbie Duncan 86.

Class 600, choral speech — pre-school, Coleman Headstart (Mrs. Szymanczyk) 79; class 702, piano accompaniment solo (10 years and under) Helen Krug 75; class 712 piano accordion solo (10 years and under) Helen Krug 78.

The musical festival is one of the largest held in southern Alberta.

## Tennis Meeting

Attention everyone interested in Tennis! Mark your calendar and plan to attend a meeting Monday April 26 at Horace Allen School at 7:30 p.m.

## Bobby Orr In Creston July 3 For Johnny Bucyk Dinner

BOBBY ORR  
... Boston BruinsJOHNNY BUCYK  
... Boston Bruins

Crows Nest Pass hockey enthusiasts and youngsters will have an opportunity of seeing Bobby Orr and Johnny Bucyk of the Boston Bruins in Creston July 3.

There will be the opportunity at a testimonial dinner for Bucyk or at a planned golf tournament the next day.

It was also announced that Bobby Orr of the Boston Bruins will attend, while he is in Western Canada to act as Parade Marshal at the Calgary Stampede.

Invitations are being extended to follow.

## OBSERVES 90th BIRTHDAY

Mrs. W. Melman celebrated her 90th birthday on April 10. A family reunion and gathering was held. She has 7 daughters, 1 son, 40 grandchildren, 18 great-grandchildren and 1 great-great-grandchild.

The Coleman Journal and staff extends congratulations.

## Federal Drug Research Grant

Dr. J. H. Read, Community Health Sciences Division, University of Alberta, will receive an \$11,150 federal government grant for a drug study research project.

Approval of the grant was announced April 16, by Mr. P. M. Mahoney, MP for Calgary South, on behalf of National Health and Welfare Minister John Munro.

## KAISER LOSS \$6.4 MILLION

VANCOUVER (CP) — Kaiser Resources Ltd. reported a first quarter loss of \$6.4 million in its British Columbia coal mining operations.

The company said the first quarter loss, on sales of \$14.3 million, compared to a loss of \$408,000 for the same period last year.

C. Lee Emerson, Kaiser President, said the first quarter results are not representative of future prospects.

"Certain new mining practices, modifications to the coal preparation plant and increased tonnage should begin to be reflected in improved operating results," he said.

## OBITUARIES

### Well Known Coleman Man

James Atkinson, age 65 years, passed away April 20, 1971 in Crowfoot Hospital.

He was born in Middlefield, Eng. on March 18, 1906. He settled in Col. Creek, Canada in 1910 and has resided in Coleman since 1914.

He married the former Mary Saladek in 1927. Deceased was employed as a driver boss for Coleman Collieries until his retirement in 1958.

For the past year he worked as a part-time ice-man at the Coleman Arena.

Mr. Atkinson was a member of the United Mine Workers of America, and served in the armed forces during the Second World War.

He was pre-deceased by his brother, Jonathan in 1951, mother, Isabella, in 1953, and his father, Johnathan in 1958.

He is survived by his wife, Mary of Coleman; one daughter, Mrs. R. (Adele) Meer of Fernie, B.C.; three grandchildren; four sisters, Isabel Spiveak of Coleman; Mrs. L. H. (Hilda) Carol of Coleman; Mrs. Ernie (Mary) Bice of London, Ont.; Mrs. Paul (Nelly) Harbak of Wainwright, Alta.; two brothers, Stanley of Vancouver, B.C.; and Graham of Coleman.

Funeral service was held at Parker's Funeral Chapel, 2 p.m. Friday, April 23, 1971 with the Rev. Charles Gale officiating.

Cremation following.

JOHN (JOKEY) MOORE  
Died in Calgary Hospital April 22, 1971.

Funeral to take place in Coleman. Other details available. See next issue.

### ICY ROADS

On April 17 at approximately 9 p.m., a vehicle operated by David Bruce Allen, of Natal, struck a rock facing then plummeted over the right hand side of the road and down an embankment.

Cause of the accident is blamed on icy road conditions.

Allen and one other passenger involved in the mishap were uninjured but the car incurred extensive damage.

### LEAVES HIGHWAY

A vehicle owned by Jean Claude Claveau of Natal, left the highway one and one-half miles west of Blainmore, April 18, at approximately 5:40 p.m.

Claveau and a passenger Joseph Reul, also of Natal, sustained minor injuries.

The vehicle was considered "a total loss."

Claveau has been charged with driving with a blood-alcohol content of more than 80 per cent.

### 107 Members

The Coleman Fish and Game Association has announced the club now has a membership of 107 and more are anticipated.

Membership tickets can be obtained from members or from Celia Building and Supplies or the Coleman Kananistiquia Service Station.

The next meeting will be held May 10. Members are urged to turn out as an election and important seasonal business is scheduled.

## Taxes And The Working Man

Where there is smoke, there is usually fire, and we notice more and more items emanating from Ottawa concerning "Guaranteed Income". Basics of the proposal have always been that there should be a basic guaranteed income for everyone. Not only for the people who actually work like dogs and still can't get along, but for everyone, including the lazy and the greedy.

There is no denying the fact that a society as affluent and as supposedly intelligent as ours cannot permit the less fortunate to suffer actual want (although, in fact, we are still doing so in many instances). However, everyone of the benefits we extend to the unfortunate must be paid for by those who, for one reason or another, have adequate incomes.

Many of those in need do need assistance, or at least consideration. These include the sick, the widows with small children, and the pensioners who live on a barely marginal income. These have always been prime targets of pity from politicians, especially around election time, but little has been done.

However, when the balance sheet is completed, one finds the average working man paying not only for the normal services provided by the government, but supporting his wife and family, and about six other people. He contributes to family allowances, even though his own children are grown and gone; he aids in all the welfare schemes such as old age security, the taxes which support the homes for the aged, orphans and unwed mothers. He donates, as his conscience dictates, to the convassers for heart, cancer and a dozen or more voluntary health organizations. He coughs up vast sums for education, whether he has children or not.

It is not a question of whether the working man is being fairly treated — it is simply a matter of how much he can continue to pay. A guaranteed annual income would be fine for those who cannot do anything to help themselves, but it sounds like a pretty soft system for those who like to take it easy by natural inclination.

## It Will Bear Watching

It will be interesting to keep an eye on the unfolding story of the addition to the Canadian Navy. Four helicopter-carrying destroyers are being added, said to be the most advanced vessels of their kind under construction anywhere. They will undoubtedly be able to combat, in case of need, the fleet of Russian submarines.

To date, the story has a familiar ring. The contracts were signed in April, 1968.

The ships are being built at two shipyards in Quebec. The original dates for commissioning the ships have already been postponed a year.

The companies bid too low and it was necessary for the government to step in to prevent them going broke. The government also changed some of the specifications — at extra cost, of course.

At present, the ceiling has been raised from \$225 million to \$250 million, slightly more than 11 per cent. These are figures to keep an eye on. The ships are far from completion — the hulls of two have been launched.

The navy's experimental hydrofoil is being tested off Halifax. Its ceiling has been raised from \$50 million to \$52.2 million, over five times the original estimate.

Oh, well, compared with the sky's-the-limit defence contracts in USA, we are pikers, said a defence official. Let us take comfort!

## Observe Chamber Of Commerce Week

While the National Chamber of Commerce Week is over we felt this edition should emphasize the need for a strong chamber to help the community.

Across Canada every community having a Chamber of Commerce will observe the work done by such bodies with special events this week.

The slogan this year — "It takes two . . . you and the chamber" — will be emphasized in many ways.

Most chambers are availing themselves of a special publicity effort, others, membership drives and others special events.

The Coleman Chamber of Commerce has done much in the past for the growth and development of Coleman area. It is an organization which deserves everyone's support.

### If He Says So, It Must Be True

Take my advice. When your kid comes home from school and says breezily, "Hi, Dad. I have this project to do . . .", don't take the bait. Don't say a word beyond "Hrmmph" as you flip your newspaper up for a shield, or better still, head for the bathroom and lock yourself in.

Never, ever, reply, "Well, what's it all about?" or "Is there anything I can do to help?" If you do, you'll discover, inevitably, that you have a project to do.

Projects are all the rage these days, in education. Give a kid a project and he'll learn everything there is to know about the Persian Gulf, the origin of sandpaper, or the sex life of the blow-fly. He may never learn anything else in school, a strong possibility, but he'll always be an expert in one field.

For the rest of their lives, these kids will find some way, at cocktail parties or formal dinners, in casual conversation, to draw in the Gulf, the sandpaper or the blow-fly.

Which is good. Most people know practically nothing about practically anything. Thus, they can easily be put down by a forthright statement like, "But that's exactly what I've been saying. The whole thing is in direct contrast to the solemn, sedate, secretive sex life of the blow-fly."

They simply can't deliver that one if it's properly fielded. And you can always change your adjectives to suit the situation. It could be, "The wild, exotic orgies of the blow-fly, which comes in heat only on leap-years."

Actually, projects are nothing new, although some young teachers act as though Moses had just been up the mountain again and come down with a great stone slab inscribed "Projects."

We had projects when I was a kid. I remember one in agriculture. I chose to build a model of a hen house. Wisely, as I was perfectly aware, even at that tender age, I had to spend about five evenings in his basement workshop, practically admiring, and fetching cups

of tea, before the job was done. It was a beautiful little hen-house, with windows and a swinging door. I got an A-plus.

Despite my experience of the whole fiasco of projects, I got myself hooked recently. Daughter Kim was home from university. Out went the bait. "Dad, I have to do a project in anthropology. Sounds interesting."

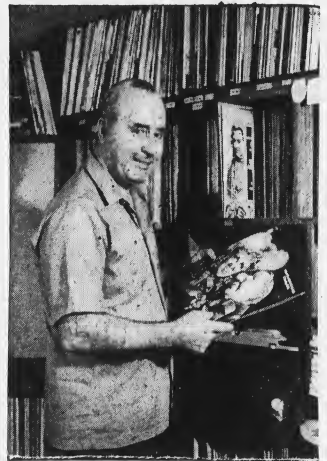

Warily, ready to run, I asked what it was, fairly secure in my utter ignorance of the subject. It turned out to be a project on folklore, any area. I breathed easier. I was still swimming free.

She let out a little more line. Said she'd considered doing one on the legends of the Ottawa Valley lumbering days, with particular reference to my great-uncle, Mountain Jack Thomson, reckoned to be the toughest lumberjack in the Valley, reputed to have killed four men in fist-and-boot fights. I got excited, nibbled the bait and began spinning yarns about Mountain Jack. She responded with the appropriate, "Wow! That's really great, Dad."

Then it emerged that she had to go direct to human sources, not the printed word, and we realized there wasn't time to round up all the relatives and talk to them. Both downcast. Suddenly, under the influence of the excitement and too many coffees, I came up with a new project and tossed it at her, "The Curse of the Great Lakes!"

She raved. That was IT. She'd been born and raised on their shores, and of course I knew all sorts of interesting old-timers, don't you? We talked long and

COLUMNIST, CRITIC and CBC BROADCASTER, CLYDE GILMORE, really does play only his own records on Gilmore's Albums — now heard Sundays, 11:03 p.m. on the AM network and Saturdays, 7:03 p.m. on the CBC-FM network. He is seen here relaxing in his own music room where ten thousand records are carefully arranged and catalogued. A program has been on CBC radio without interruption since October 2, 1956.

## LEGISLATURE REPORT

By KEVIN PETERSON & DON SELLAR

— of The Calgary Herald —

Legislation implementing a compulsory auto insurance scheme for Alberta, with a board to review insurance rates, will take effect in the province April 1, 1972.

The auto insurance bills now before the Legislature will make it mandatory for every vehicle owner to carry a maximum of \$55,000 public liability and property damage. The scheme is virtually the same as that recommended a year ago by an all-party committee studying auto insurance.

The plan has limited no-fault provisions which will pay death and accident benefits to a maximum of \$10,000 immediately after the accident regardless of who was to blame for the accident. The death and accident benefits are designed to ensure that people affected by an accident will receive immediate payment to meet financial necessities but they will not affect the possibility of a major issue between the two future court actions for additional damages.

The Alberta Automobile Insurance Board is also created in the legislation to review the rates charged by insurance companies for the compulsory package. All insurers will be required to file a complete set of rates as of April 1, 1971 and then early next year again file the rates they intend to charge under the compulsory scheme.

The initial rates and any changes in the rates must be approved by the board, which is also allowed to investigate any aspect of auto insurance.

The mandatory scheme will do away with the \$20 green card which uninsured drivers can now buy. The green card provides no insurance coverage but represents instead a contribution to the Un-satisfied Judgement Fund for accidents involving uninsured drivers.

Highways and Transport Minister Gordon Taylor said the government will rely on stiff fines — like \$250 for the first offence — on uninsured drivers to make sure the compulsory scheme succeeds.

Other jurisdictions which have tried compulsory insurance have been plagued with enforcement problems when drivers carried their policies or allow them to expire.

The compulsory scheme is not a major issue between the two major parties because it leaves insurance sales in the hands of private operators. A similar scheme in Manitoba last year met heavy opposition because it set up a government-run insurance industry.

Non-returnable soft drink bottles and cans are the target of another government bill given first reading last week. The legislation forces retailers to refund a two-cent deposit on non-returnable bottles. See LEGISLATURE . . . Page 4

## OTTAWA REPORTS

By ALLEN SULATYCKY, MP

Rocky Mountain

The economy of Western Canada has moved well beyond its former dependence of wheat and oil. But despite rapid industrialization and diversification of the economy, few citizens of the Prairie Province can escape totally from the impact which the grain trade makes on this region of Canada.

Because experience has demonstrated that a health grain industry is essential to the western economy, the government has formulated a plan to stabilize the incomes of prairie grain farmers.

The Honorable Otto Lang, Minister responsible for the Canadian Wheat Board has announced the formula for this new endeavour.

The objective of this plan is to protect the prairie farmer and the economy of the prairie provinces which rely so heavily upon him for the extreme fluctuations in cash receipts from grains which result from volatile and unpredictable world market conditions.

By providing a Stabilization Program the government will substantially reduce the adverse effects flowing from the unpredictability of the market. In addition the government's contribution to the program, which it is anticipated will average about \$40 million per year initially and increase gradually as total sales increase, will assist Canadian producers to a limited extent to meet the competition of highly subsidized production from other countries.

The plan in itself goes a long way towards the realization of the long-sought Agriculture policy in Canada.

The effect of the plan would be to eliminate the great fluctuations in cash receipts experienced by grain growers. It will result in a more even flow of funds into the western economy.

As an initial step to please in the new program, a payment of \$100 million will be made to prairie farmers this summer. This amount will certainly be a welcome boost to all business in the West.

In addition to the stabilizing effect on the economy as a whole the grain plan is important to other producers. Livestock producers, whether hogs, poultry or cattle, will find that in future when marketing conditions are bad for grain there will be much less of a tendency for grain farmers to move into livestock production as a means of disposing of their unmarketable grain. The cash which they will receive from the Stabilization Plan will remove from the grain grower the kind of extreme financial pressure he was under in the past two years and permit him to hold his stocks until the markets improve.

## N-O-T-I-C-E

OFFICE OF THE SECRETARY-TREASURER  
TOWN OF COLEMAN

In 1970, sewer was made compulsory. Section 241, subsection 2 of the Municipal Government Act states that if the owner fails, neglects or refuses to do so within such period of time as may be fixed by the council, the municipality may enter upon the land and building, erection or structure concerned, and make such connection and charge the cost thereof against the land, building, erection or structure concerned in the same manner as taxes and with the same priority as to lien and to payment thereof as in the case of ordinary municipal taxes.

A few people opposed the idea of sewer compulsory and therefore, left the Council with no alternative but to seek other means of financing the system.

Section 158, subsection 3, of the Municipal Taxation Act, authorizes Council, where the first assessment for any local improvement provides insufficient or invalid, an additional or new assessment or assessments may be made until sufficient moneys have been realized to pay for the local improvement.

Effective January 1, 1971, the sewer frontage tax will be increased by \$21.00 per year.

Council revised sewer service charge to read as follows:

Reducing the sewer service charge from \$3.50 - \$17.75.

TO USERS ONLY

Effective June 1, 1971, the sewer service charge will be \$1.75 per month for Single Family Dwellings under By-Law No. 465A. Commercial sewer service charge will be reduced by \$1.75 in accordance with By-Law No. 465A.

The Council of the Town of Coleman wish to advise that those who qualify for a sewer service charge refund, make proper application at the Town Office.

CLARENCE F. SCHILE,  
Secretary-treasurer

## District Official At L. A. Meeting

A Legion Ladies' Auxiliary meeting was held April 20. The occasion was marked by an official visit from District Commander M. Goddard of Fort Macleod. Mrs. Goddard was welcomed by President Mary Clarke.

The ladies sat down to an enjoyable dinner after which Mrs. Goddard was presented with a personal gift from the local members.

## GAY NINTIES NIGHT IN COLEMAN

The Coleman Elks Lodge will sponsor a carnival which is slated to be held on Friday, April 30 in the Elks Hall, Coleman.

Then the following evening, Saturday, May 1, a Gay Ninties Night will be held at the same location for members of the Elks, O.O.R.P. and guests. Prizes will be awarded for best costumes.

Tickets are available now from members of the Elks Lodge. Two draws will also be made on Saturday, May 1.

Mrs. A. B. Westworth visited the home of her daughter and son-in-law at Lethbridge over the Easter holidays.

## ★ THE HOMEMAKER ★

By MISS LYNN JOHNSTON

### WAYS WITH HONEY

Honey has been a favorite sweet of mankind since prehistoric times. It provides quick food energy because the sugars are in an easily digestible form.

Most of the honey on the retail market is in liquid or creamed form.

Pasteurized honey may be either liquid or creamed honey that has been heated or "pasteurized" to destroy the yeasts that might cause the honey to ferment. Pasteurizing does not affect the quality of the honey and it will keep almost indefinitely. It is labelled "pasteurized".

Honey is sold in various size containers from 8 oz. to 8 pounds. It is more economical to buy in large containers.

### COLOR AND FLAVOR

Honey varies in color, flavor and aroma depending on the kind of flowers from which the bees have gathered the nectar. As a rule, the lighter the honey, the milder the flavor. Clover honey is white and mild, while buckwheat honey is dark and strong. Honey may be a blend of several flavors. The color classes are: White, Golden, Amber and Dark. The color is stated on the label.

### GRADES

Liquid and creamed honey are graded according to quality. The grade most generally available in retail stores is Canada No. 1 (or No. 1 within some provinces). There are two other grades, Canada No. 2 and Canada No. 3 (or No. 2 or No. 3) but these are usually used for commercial purposes.

Graded honey must be free from foreign material and meet standards for moisture, uniformity of color, clearness and flavor. Creamed honey must have a fine texture with a complete and uniform granulation.

### STORING

Honey is best stored at room temperature in a dry place. High temperatures may cause the honey to darken. Creamed honey will change in texture when stored in a hot room and in this case is best refrigerated. Honey when well sealed may be stored almost indefinitely in the freezer without any changes occurring in flavor or texture.

### USE IN COOKING AND BAKING

Honey may be used in place of sugar in many recipes but the amount of liquid must be reduced. One cup of honey may replace one cup of sugar but the liquid should be cut by one quarter. In a plain cake recipe, honey may be substituted for one half the sugar. Some baked foods made with honey may brown more quickly than those made with sugar and the oven temperature should be slightly lowered. (about 25°)

Darker honeys give a distinctive flavor to muffins, breads and bars. To liquify honey, place container over warm water. Honey is easy to measure if you first warm the cup or spoon by holding it under warm water. A cup of honey weighs 12 ounces. A pound of honey measures 1 1/3 cups.

Here are some ideas on how you can use honey:

• Add to a cake mix for better texture and flavor. 1 tablespoon of honey will enhance your favorite cake mix. The cake will stay fresher longer too.

• Freeze fruit in a honey syrup. Prepare a light syrup by bringing 4 cups of water to a boil, remove from heat and stir in 1 1/4 cups of honey. For a medium syrup stir in 2 cups of honey. Fruits frozen in a honey syrup will not darken or discolor. No need to use Vitamin C or ascorbic acid. You can prepare honey syrup in quantity and store in refrigerator ready for use.

• Honey-butter spread is made by combining equal amounts of honey and butter. Store honey-butter in the refrigerator ready for

### GAY 90's Night

A "Gay 90's Night" will be part of a weekend of fun being planned by the Coleman Elks Lodge for April 29 and May 1.

A night with all the enjoyable features of an oldtime carnival will be held in the Elks Hall Friday, April 30. Gay 90's Night will be held for Elks and guests on the evening of May 1. Tickets are available from Elks.

### WINNERS

Winners of the recent Coleman Legion Bingo were:

\$100 — Margaret Krywolt.

\$25.00 — Mrs. Plessi and Mrs. White.

\$10.00 — Irene Letcher, Pat Virtue (twice), Bill Donald, Betty Donald, Mrs. Garber, Carol Lamery, Edna Campbell, Linda Oullette, Mrs. Newton and Mrs. Janson.

\$6.25 — John Kinnear, Bill Donald, Mrs. Veprava and Mrs. Pappas.

### Appointed To Board

Aldermen Alderson and Krayewy were appointed to sit on the Alberta Emergency Measures Board.

Mrs. N. Goulding was a recent Calgary visitor.

## About Town

Mrs. L. Holstead has returned after spending six weeks in Bow Island.

Mr. M. Cornett is a patient at Foothills Hospital in Calgary. All his friends wish him a speedy recovery.

Mr. and Mrs. J. Morris and Mr. and Mrs. D. Morris from Kamloops visited Mrs. W. Roushead and Miss Margaret Roushead and also visited with Mr. and Mrs. C. Roushead.

Mr. and Mrs. L. Gingras from Calgary visited the formers mother, Mrs. Lillian over the Easter holidays.

Mr. and Mrs. Michael Robinson of Coleman, recently celebrated their 67th wedding anniversary on April 23.

Family and friends visited the couple at the home of Mr. and Mrs. John Owen.

Mr. and Mrs. Robinson were married in England and then moved to Canada where they have resided for approximately 65 years. The Coleman couple have four daughters, seven grandchildren and 12 great-grandchildren.

The Victoria Rebekah Lodge in Coleman will be closing shortly. It is one of the oldest lodges in Alberta.

Mr. and Mrs. J. Owen were recent visitors of their daughter and son-in-law at Calgary.

Mrs. Thelma Vincent from Calgary was a recent visitor at the home of Mr. and Mrs. W. Vincent.

Mr. and Mrs. L. Malone of Fernie visited the latter's mother, Mrs. M. MacQuarrie.

Mr. and Mrs. L. Owen and family were visitors in Calgary over the Easter holidays.

Mr. and Mrs. C. Vigna of Blairmore were Easter visitors at Calgary.

Mrs. I. Halstien recently returned from a visit to Vancouver and Victoria.

Mr. and Mrs. Forsyth from Kam-

## LEGISLATURE . . . from Page 3

and class starting January 1, 1972. "This act does not ban non-returnable bottles or cans," Mr. Taylor said about the anti-litter bill. "It will bring to people's attention the fact they have a deposit on the container which can be returned."

The legislation does not take effect immediately because manufacturers and retailers still have to devise a workable system for the returning process. Mr. Taylor hopes the return rate for soft drink containers will increase to the 92-per-cent level found in the beer-bottle return system.

## GOVERNMENT OF THE PROVINCE OF ALBERTA PUBLIC SALES OF LAND UNDER THE TAX RECOVERY ACT

R.S.A. 1955

## TOWN OF COLEMAN

Notice is hereby given that under the provisions of The Tax Recovery Act, the Town of Coleman will offer for sale by public auction at the office of the secretary-treasurer, Coleman, Alberta, on the 30th day of April, 1971, at 2:00 o'clock in the afternoon, the following lands:

Lots	Block	Plan	Lots	Block	Plan
1 and 2	8	820L	11	22	820L
W pt. 8	8	820L	34	C	2446AA
9 and 10	12	820L	34		

Each parcel will be offered for sale subject to the approval of the Minister of Municipal Affairs, as to those parcels upon which any person resides, or of which any person is in actual occupation and subject to a reserve bid and to the reservations and conditions contained in the existing certificates of title.

Terms: Cash.

Redemption may be effected by payment of all arrears of taxes and costs at any time prior to the sale.

Dated at the Town of Coleman, in the Province of Alberta, this 2nd day of February, 1971.

CLARENCE F. SCHILE,  
Secretary-treasurer

## PUBLIC NOTICE

TOWN OF COLEMAN

OFFICE OF THE SECRETARY-TREASURER

TAKE NOTICE that the Council of the Town of Coleman, in the Province of Alberta, has given first reading to money By-Law No. 400 which will, on final approval and ratification, authorize the Municipal Council of the Town of Coleman to incur an indebtedness on behalf of the said Town by the issuance of debentures for the purpose of financing the Town's share of the cost of the proposed Crownspass Park Swimming Pool, without its municipal limits.

The estimated total cost of the aforesaid project amounts to \$154,000. After deducting from this cost the amount of \$130,900, to be received by way of grants/contributions/revenue funds/donations, etc. is as follows: Provincial Recreation Grants \$36,478 — Public Donations and Subscription \$32,900 — Contributing Members, Village of Frank \$1,280 — Town of Blainville \$25,280 Improvement District No. 3, \$43,240, the net amount to be borrowed on the credit and security of the municipality at large by the issue of debentures is \$14,100. The debentures are to be repayable to the bearer in Twenty (20) equal consecutive annual instalments of combined principal and interest, the interest not to exceed a rate of more than nine per centum (9%) per annum.

NOTICE THEREFORE is hereby given by the Council of the Town of Coleman that, unless a poll of the proprietary electors for and against the said debenture borrowing is demanded, as provided for by the terms of the Municipal Government Act, the said Council may pass the said By-Law and submit it to the Local Authorities Board for final ratification and certification that a vote of the proprietary electors thereon is not required.

OF WHICH all persons interested are hereby notified and they are required to govern themselves accordingly.

## NOTICE TO PROPRIETARY ELECTORS

Proprietary elector means an elector whose name appears on the assessment roll in respect of land liable to assessment and taxation for general municipal purposes.

Ten per cent (10%) of the proprietary electors may by petition request a vote on a money By-Law under the provisions of Sections 311 and 7 of the Municipal Government Act.

1. The petition must be received by the municipal secretary within 15 days of the last publication of this notice and shall contain on each page an accurate and identical statement of the purpose and objectives of the petition.
2. Each signature to the petition shall be witnessed by an adult person who shall take an affidavit that to the best of his belief the persons whose signatures he has witnessed are qualified to vote at a general election.
3. There shall be set out opposite each signature on the petition — (a) the legal description of the property or other qualifications entitling that person to be a proprietary elector, (b) the postal address of the petitioner, (c) the occupation of the petitioner.
4. A corporation or a religious organization or an estate the name of which appears on the last revised assessment roll as the owner, conditional owner or purchaser of land that is not exempt from taxation, may in writing authorize a resident representative to sign a petition on behalf of the corporation or religious organization or an estate.
5. The petition shall be filed with the municipal secretary who shall, in accordance with the Act, compute the number of petitioners that have signed the petition and determine the sufficiency thereof.
6. Every petition shall have attached to it a signed statement of a person whose name appears upon the petition, stating that he represents the petitioners and that he is the person to whom the municipality may direct any enquiries with regard to the petition.
7. No name shall be removed from the petition after it has been received by the municipal secretary.
8. If two or more money by-laws are advertised in a single notice, a separate petition shall be filed with respect to each by-law.
9. The date of the last publication of this Notice is May 13, 1971.

NOTE: If on receipt of a valid and sufficient petition the Council decides not to proceed with the by-law, a vote of the proprietary electors need not be held.

Clarence F. Schile  
Secretary-Treasurer

## National Forest Week

This week is observed early in May to remind people of their dependence on Canada's forests and the need for good observation of forest fire prevention rules. It is sponsored nationally by the Canadian Forestry Association and regionally by its member Provincial Forestry Associations.

## Letters to the Editor

To the Citizens of Coleman:  
Regarding Swimming Pool Bylaw

In reply to a letter printed in The Past Herald and The Coleman Journal on April 14, 1971, wherein the Coleman Mayor and his Councilors are being criticized for not having a by-law published immediately and being guilty of apathy with regards to attending to Coleman's Citizens' business.

It is true that the Coleman council has had two meetings since the by-law came back from the Local Authorities Board in Edmonton. Both these meetings were "SPECIAL MEETINGS" called on the matter of Wage Negotiations with our Town Employees.

These meetings were lengthy and involved with much discussion. Council was also made aware of the presence of the by-law regarding the swimming pool from the Local Authorities Board.

Council felt that these meetings were called for wage negotiations and that this was top priority on the Town of Coleman's business agenda, and that the by-law would be discussed at the next regular meeting of the Town Council. On April 13 this by-law was brought up for discussion.

Coleman is the only municipality in the Crowns Nest Pass that is borrowing money towards the construction of a pool.

The ratifiers will recall that our last vote, held October 14, 1970, was not legal, and was thrown out by the Attorney-General, Hon. E. H. Gonthier, because of irregularities. Rather than be too hasty and have a repeat performance, Council felt that more study be given this by-law. And even after doing so, this by-law was returned from the Local Authorities Board in Edmonton with instructions for numerous changes to be made to meet legal requirements. Now with the necessary changes, Council has authorized the publication of this by-law.

Due to this critical letter by an unknown person, the Council felt a need to re-assure our citizens that as an elected body we are attending to your business. This letter has been endorsed for publication by the Mayor and the entire Council.

(signed)  
Mayor — John Holyk,  
Secretary-treasurer,  
Clarence F. Schile.

## 450 Teachers Convened In Calgary For Convention

The Alberta Teachers' Association held its annual representative assembly in Calgary, April 12 - 14 with delegates from Crowns Nest Pass, Pincher Creek, Taber, Lethbridge, Willow Creek and Warner.

Mr. Bill Brooks, Raymond High School, was asked to represent the south-west for the new term as district representative.

Resolutions centered on departmental examinations and their abolition, teacher assessments, quality education, overloaded classrooms and special education.

The ATA endorsed the idea that disabled and handicapped children be educated within the local school district and no longer be sent out of the province for special education.

The body also passed a resolution on the use of teachers' aides. Influenced by the teacher unemployment situation, it was recorded that aides be strictly limited until such time as high classroom loads are reduced, full employment re-established and proper legislation regarding aides enacted.

During the three-day Easter holiday period, 450 teachers from all parts of the province passed resolutions on budget, fee structure, special education, the use of aides and citizenship. The A.T.A. proposed that only Canadian citizens be employed in Alberta, and that non-Canadians already teaching be given a period of seven years to make up their minds on this matter.

The general budget was held to a minimum and pared to slightly over two million dollars. Delegates resisted a proposed increase in the fees charged to local teachers which now stands at \$108 per year.

The most frequent causes of excessive heat build-up, which reduces tire strength and increases the risk of premature tire failure, are under-inflation and overloading. The Tire Industry Safety Council says that pressures should always be checked before starting out on a trip, when the tires are cool.

The A.M.A. also points out that loads should be properly equalized to make driving easier and reduce uneven tread wear, and that loads should always be properly secured.

## SPRING TIRE

The Alberta Motor Association advises owners of recreational vehicles to make sure their tires are properly inflated for the load carried before setting out on that first spring vacation trip.

The most frequent causes of excessive heat build-up, which reduces tire strength and increases the risk of premature tire failure, are under-inflation and overloading. The Tire Industry Safety Council says that pressures should always be checked before starting out on a trip, when the tires are cool.

The A.M.A. also points out that loads should be properly equalized to make driving easier and reduce uneven tread wear, and that loads should always be properly secured.
